

VIBIXIA SITE, RUNNINGS ROAD
CHELTENHAM

RE: DEMOLITION OF EXISTING BUILDINGS – VIBIXIA LIMITED

Dear Residents,

We wish to inform you that the demolition works at the aforementioned site are currently being carried out and will be ongoing, with a completion date of Friday 17th April 2020.

The works will involve full demolition of the existing buildings and lifting of slabs and foundations within the below marked site demise.

Strip out of the existing buildings is now complete with demolition works now underway.

During the demolition works it is necessary to deliver additional items of plant and machinery and for daily removal of waste materials to be conducted to enable our works and we will endeavour to complete these with as little local disruption as possible.

VIBIXIA SITE, RUNNINGS ROAD CHELTENHAM

All deliveries will be overseen by the Metro Deconstruction Site Manager and conducted with a trained banksman to ensure safe vehicle movement at all times.

To enable our works, it is necessary to use hydraulic breakers in the ground to remove existing foundations. This will be noisy at times, but all works are being carried out in accordance with the approved Demolition Environmental Management Plan and in accordance with the guidance set in BS5288 Code of Noise and Vibration Control on Construction and Open Sites.

All works will employ the best practicable methods to minimise the effects of vibration and noise that can be practicably applied.

As we are carrying out demolition works, dust may present itself. This will be controlled by the use of various dust suppression techniques.

We would like to thank you in advance for your patience during these operations, which we will endeavour to complete with as little inconvenience to our neighbours and local businesses as possible.

We also welcome the opportunity to discuss your individual requirements and any concerns that you may have. Hopefully by understanding your requirements and with good communications we can ensure that any possible disturbances are avoided.

It is our intention that we will provide further updates throughout the works for those whom may have an interest. We propose to email these updates as required and ask that you express your interest by emailing us at the following address so that we may include you in all future communication.

Jade Rose (Marketing Manager) - jade@metro.uk.net

If at any time throughout the works you have any queries or concerns then please don't hesitate to contact us by any of the following means.
